

Geneva, 18<sup>th</sup> March 2020

Dear Clients, dear Partners,

We would like to inform you that Weisshorn Asset Management has activated the Business Continuity Plan (BCP), in order to prevent the spread of Covid-19.

Our employees are all able to work from home. The follow-up of tasks and requests can be done remotely.

We kindly ask you do not send any more faxes, your instructions cannot be carried out.

We have made every effort to serve you as well as possible despite the unusual inertia since custodian banks also have their home-based staff.

Thank you in advance for your understanding. We hope that the situation will return to normal as soon as possible.

If you have any question please do not hesitate to contact us. Be well and look forward to seeing you at your best !

Weisshorn Asset Management
